3.22 OUTBREAK OF WAR:

If during the currency of the Contract, there shall be an outbreak of war (whether war is declared or not) in any part of the world which, whether financially or otherwise, materially affects the execution of the Works the TPIA shall, unless and until the Contract is terminated under the provision in this clause contained, use his best endeavours to complete the execution of the Works, provided always that either the Employer or the TPIA shall be entitled, at any time after such outbreak of war, to terminate this Contract by giving notice in writing to the other ,and upon such notice being given this Contract shall terminate, but without prejudice to the rights of either party in respect of any antecedent breach.

3.23 DEFAULT OF THE EMPLOYER:

In the event of the Employer:

- .1 Failing to pay TPIA the amount due under Contract as per stipulated condition or
- .2 Interfering with or obstructing the written approval in this Contract, the TPIA shall be entitled without prejudice to any other rights or remedies to terminate his employment under the Contract by giving 90 (Ninety) days prior notice in writing to Employer.

3.24 CONFIDENTIAL INFORMATION:

Both parties undertake to each other to keep confidential all information (written as well as oral) concerning the business and affairs of the other, which has been obtained or received as a result of the discussion leading up to or the entering of the contract. After the entering

of the contract Employer and the TPIA shall keep confidential and shall not, without the written consent of the other party hereto, divulge to any third party any documents, data, or other information furnished directly or indirectly by the other party hereto in connection with the Contract, whether such information has been furnished prior to, during or following completion or termination of the Contract. Employer shall not use such documents, data, and other information received from the TPIA for any purposes unrelated to the Contract. Similarly, the TPIA shall not use such documents, data, and other information received from Employer for any purpose other than the design, procurement, or other work and services required for the performance of the Contract. The obligation of a party, shall not apply to information that:

- .1 Employers or TPIA need to share with the institutions participating in the financing of the Contract;
 - .2 now or hereafter enters the public domain through no fault of that party;
 - .3 can be proven to have been possessed by that party at the time of disclosure and which was not previously obtained, directly or indirectly, from the other party; or
 - .4 Otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality
- The above provisions of GCC shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the Contract in respect of the Supply or any part thereof. Each of the parties to this contract, undertakes to the other to take all such steps as shall from time to time be necessary to ensure compliance with the provisions of the above clauses by it's employees. All services provided to Employer by bidder are subject to Country public disclosure laws such as RTI etc. The TPIA shall not make or permit to be made public announcement or media release about any aspect of this Contract unless Employer first gives the TPIA its written consent.

3.25 REVIEW OF PERFORMANCE:

A designated team / person from Employer may review the performance of TPIA against the TPIA at any time. The review / audit report will form basis of any action relating to imposing penalty or breach of contract of the TPIA.

3.26 ADHERENCETO SAFETY PROCEDURES, RULES, REGULATIONS AND RESTRICTION:

TPIA shall comply with the provision of all laws including labour laws, rules, regulations and notifications issued there under from time to time. All safety and labour laws enforced by statutory agencies and by Employer shall be applicable in the performance of this Contract and TPIA's Team shall abide by these laws. The TPIA shall take all measures necessary or proper to protect the personnel, work and facilities and shall observe all reasonable safety rules and instructions. TPIA's Team shall adhere to all security requirement / regulations of Employer during the execution of the work. Employer's employee also shall comply with safety procedures / policy. The TPIA shall report as soon as possible any evidence, which may indicate or is likely to lead to an abnormal or dangerous situation and shall take all necessary emergency control steps to avoid such abnormal situations. Employer will be indemnified for all the situations mentioned in this clause in the similar way as defined in GCC. In case of any unsafe condition in workshop of M/S. ZPMC or at site of IPGL, TPIA shall report the same and discontinue the inspection until safe conditions are available.

3.27 NON - SOLICITATION OF STAFF:

For the purpose of this contract, both parties to this contract agree, not to solicit either directly or indirectly with a view to provide or offer employment to, offer to contract with or entice a staff member of the other party to leave without the consent of the other during the term of this contract and for an additional period of 180 days after termination.

3.28 INTELLECTUAL PROPERTY:

Employer shall own and have a right in perpetuity to use all newly created Intellectual Property Rights which have been developed solely during execution of this Contract, including but not limited to all Source code, Object code, records, reports, designs, application configurations, data and written material, products, specifications, reports, drawings and other documents which have been newly created and developed by the TPIA solely during the performance of Services and for the purposes of inter-alia use or sub-license of such Services under this Contract. The TPIA undertakes to disclose all such Intellectual Property Rights arising in performance of the Services to Employer and execute all such contracts / documents and file all relevant applications, effect transfers and obtain all permits and approvals that may be necessary in this regard to effectively transfer and conserve the Intellectual Property Rights of Employer. To the extent that Intellectual Property Rights are unable by law to so vest, the TPIA assigns those Intellectual Property Rights to Employer on creation. The TPIA shall ensure that while it uses any software,

hardware, processes, document or material in the course of performing the Services, it does not infringe the Intellectual Property Rights of any person and the TPIA shall keep Employer indemnified against all costs, expenses and liabilities what so ever, arising out any illegal or unauthorized use (piracy) or in connection with any claim or proceedings relating to any breach or violation of any permission / license terms or infringement of any Intellectual Property Rights by the TPIA or its personnel during the course of performance of the Related Services. In case of any infringement by the TPIA, the TPIA shall have sole control of the defence and all related settlement negotiations.

3.29 SURVIVAL:

The clauses of this contract, which by nature are intended to survive termination of this contract, shall remain in effect after such termination.

3.30 CONFLICT OF INTEREST:

The TPIA warrants that, to the best of its knowledge, information and belief, at the date of submitting its Proposal, no conflict of interest exists or is likely to arise in the performance of its obligations under the Contract. If during the currency of the Contract, a conflict or risk of conflict of interest arises (without limitation, because of work undertaken for any person other than the Employer) the TPIA undertakes to notify the Engineer-In-Charge immediately in writing, of that conflict of interest. The TPIA shall take all reasonable measures to ensure that its employees do not, during the currency of the Contract, engage in any activity or obtain any interest which is in conflict with providing the TPI Services to the Employer fairly and independently. Any such activity must be disclosed in writing to the Engineer – In - Charge immediately. Where the Engineer – In - Charge receives a notice of conflict of interest, the Employer may proceed to terminate the Contract. The TPIA shall not receive any remuneration in connection with the assignment except as provided in the contract. The TPIA and its affiliates shall not engage in consulting activities that conflict with the interest of the Employer under the contract. It should be the requirement of the contract that the TPIA should provide professional, objective and impartial advice and at all times hold the Employer interest's paramount, without any consideration for future work, and that in providing advice they avoid conflicts with other assignments and their own corporate interests. TPIA shall not be hired for any assignment that would be in conflict with their prior or current obligations to other Employers, or that may place them in a position of being unable to carry out the assignment in the best interest of the Employer.

3.31 CONFLICT AMONG ASSIGNMENTS:

Neither TPIA (including their personnel) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the TPIA.

3.32 PROFESSIONAL LIABILITY:

The TPIA is expected to carry out its assignment with due diligence and in accordance with prevailing standards of the profession. As the TPIA's liability to the employer will be governed by the applicable law, the contract need not deal with this matter unless the parties wish to limit this liability. If they do so, they should ensure that (a) there must be no such limitation in case of the TPIA's gross negligence or wilful misconduct; (b) the TPIA's liability to the Employer may in no case be limited to less than the total payments expected to be made under the TPIA's contract, and (c) any such limitation may deal only with the TPIA's liability toward the employer and not with the TPIA's liability toward third parties. Notwithstanding anything contained herein to the contrary, the maximum aggregate liability of the TPIA including towards the third parties, for any and all liabilities of the contract, shall be limited to a sum equivalent to the amount of fees payable by the Employer to the TPIA.

TPIA will not be liable for any loss of profit, loss of contract, loss of use or any indirect or consequential loss, damage or expense sustained by the employer or any other person caused by any act, omission or error of the TPIA.

3.33 STAFF APPOINTMENT / SUBSTITUTION:

TPIA shall ensure to appoint its personnel from the names of Key Staff proposed in techno - commercial proposal, as per the requirement of different offices in consultation with Engineer – In - Charge of the Employer. In the event, the required Key Staff is not appointed, the Employer shall notify TPIA on the failure of the TPIA to make necessary appointments and TPIA shall appoint such Staff / personnel within one month of such notice. During an assignment, if substitution is necessary (because of ill health or because a staff member proves to be unsuitable, or the Staff member is no longer working with the TPIA), the TPIA shall propose other staff of at least the same level of qualifications for approval by the Employer. Such appointment / substitution shall be made within a month's time failing which the Employer shall either hold up the payment or seek other remedies under the contract.

3.34 CESSATION OF RESPONSIBILITY:

All responsibilities of TPIA under this contract shall be deemed to have been discharged upon commissioning of all cranes at IPGL site at Iran and completion of documentation part within this contract. Employer responsibilities shall be deemed to have been satisfied on acceptance of TPIA's services and payments by Employer to TPIA of all amounts due and payable under the contract.

3.35 CHANGES AND ADDITIONS IN TPIA's SCOPE OF WORKS:

Employer shall have the right to request TPIA in writing to make any changes, modifications, deletions and / or additions to TPIA's scope of works. TPIA shall review such written requests and if such changes and additions would jeopardize fulfilment of any of TPIA's obligations under this contract, TPIA will not be obliged to make such changes or withhold any part of the works pursuant to such changes and / or additions contemplated by Employer. Otherwise, TPIA will work out the estimate of price and time adjustment on account of such changes, modifications, deletion and / or additions sought by Employer and the same shall be mutually agreed. Unless TPIA receives written authority from Employer on variation in prices and time schedule, TPIA will not be obliged to proceed with any such variation in the scope of works.

3.36 NOTICES:

All notices and other communications under this contract must be in writing, and must either be mailed by registered mail with acknowledgement due or hand delivered with proof of it having been received. If mailed, all notices will be considered as delivered after 7 days, of the notice having been mailed. If hand delivered, all notices will be considered, when received by the party to whom the notice is meant and sent for. All notices under this contract shall be sent to or delivered at the address as specified by the parties. A Notice shall be effective when delivered or on the Notice's effective date, whichever is later.

Under the terms and conditions of the Contract, made between the TPIA and the Employer, the TPIA is bound to

submit a performance Guarantee of Rs. _____ (in words Indian Rupees) to Employer, we the _____ (Name of the Bank and address) (hereinafter referred to as ‘the Bank’ at the request of the TPIA do hereby undertake to pay to the Employer an amount not exceeding Rs. _____ (in words Indian Rupees) against any loss or damage caused to or suffered or which would be caused to or suffered by the Employer by reason of any breach by the TPIA of any of the terms and conditions of the said Contract.

2. We _____ Bank do hereby undertake to pay the amounts due and payable under this --- this

guarantee without any demur merely on a demand from the Employer stating that the amount claimed

is due by way of loss or damage caused to or which would be caused to or suffered by the Employer

by reason of the TPIA’s failure to perform the said Contract. Any such demand made on the Bank shall be conclusive as regards the amount due and payable by the Bank under this Guarantee. However, our liability under this Guarantee shall be restricted to an amount not exceeding

Rs. ----- (in words Indian Rupees)

3. We, ----- (Name of the Bank) undertake to pay to the Employer any money so demanded notwithstanding any dispute or disputes raised by the TPIA in any suit or proceeding before any court of Tribunal relating thereto our liability under this present being absolute and unequivocal. The payment so made by us under this bond shall be a valid discharge of our liability for payment there under and the TPIA shall have no claim against us for making such payment.

4. We, ----- further agree with the Employer that the guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said Contract and it shall continue to be enforceable till all the dues of the Employer under or by virtue of the said Contract have been fully paid and its claims satisfied or discharged or till the Managing Director of the said Employer certified that the terms and conditions of the said Contract have been fully and properly carried out by the said TPIA and accordingly discharge this guarantee. Unless the demand or claim under this guarantee is made on us in writing on or before the -----, we shall be discharged from all liabilities under this guarantee thereafter. This Guarantee will remain in force from the date hereof, i.e. till ----- and unless a demand or suit or action to enforce any claim under the guarantee is made within three months from the date of expiry of this guarantee, i.e. on or before ----- all your rights under this guarantee shall be forfeited and we shall be relieved and discharged from all liabilities under this guarantee thereafter PROVIDED HOWEVER that the Bank shall at the request of the Employer but at the cost of the TPIA, renew or extend this guarantee for such further period of periods as the Employer may require from time to time.

5 We, ----- Bank further agree with the Employer that the Employer shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms and conditions of the said Contract or to extend the time of performance by the said TPIA from time to time to postpone from any time or from time to time any of the powers exercisable by the Employer against the said TPIA and to forebear or enforce any of the terms and conditions relating to the said Contract and we shall not be relieved from our liability by reason of any such variation or extension being granted to the TPIA or for any forbearance, act or omission on the part of the Employer or any indulgence shown by the Employer on the part of the Employer or any indulgence shown by the Employer on the part of the Employer or any indulgence shown by the

Employer to the TPIAs or by any such matter or thing whatsoever which under the law relating to sureties would but for this provision, have effect of so relieving us.

6 This Guarantee will remain valid for the entire period as agreed, even though there happens to be change in the constitution of the bank or that of the TPIA.

It is also hereby agreed that the Courts in Greater Bombay shall have exclusive jurisdiction in respect of claims, if any, under this Guarantee.

We, ----- Bank lastly undertake not to revoke this guarantee during its currency except with the previous consent of the Employer in writing.

SCOPE OF WORK FOR THIRD PARTY INSPECTION AGENCY FOR THE CONTRACT “DESIGN, MANUFACTURE, SUPPLY, INSTALLATION, TESTING, COMMISSIONING OF 04 NOS. NEW RAIL MOUNTED QUAY CRANES (RMQCS), POST PANAMAX SIZE, 65 MT CAPACITY (TWIN LIFT) AT CHABAHAR PORT, ISLAMIC REPUBLIC OF IRAN, IPGL” AWARDED BY IPGL TO M/S. ZPMC, CHINA.

The scope of inspections to be carried out by a third party inspector to be appointed by IPGL shall include, but not necessarily be limited to the following: -

- (i) To set up a meeting with supplier to establish a detailed Tests and Inspection Schedule for the entire manufacturing and assembly period. Generally, meetings will be conducted at the fabrication/erection site in china.
- (ii) Issuance of Non-Acceptance Notes for all discrepancies during manufacturing period.
- (iii) Set up monthly work progress review meetings with supplier and issue Monthly Works Progress Review Report to IPGL.
- (iv) Perform the survey/Inspection in accordance with the specification, designed plans, standard IPT (Inspection& Test Plan) and procedure that have been approved.
- (v) Check workmanship, procedures and fabrication techniques i.e. materials preparation, cutting fit-up, welding etc. as per QAP during the fabrication. Assembly and testing processes in accordance with the approved plans, procedures and standards.

Check welders test certificates and welding procedures to ensure that only qualified welders are being used and that correct welding procedures are followed.
- (vi) Conduct visual inspection of welding according to AWS D1.1/BS/EN or approved standards.
- (vii) Verification and identification of steel material, including witness of fracture test against mill sheets for major structural items if required. Review system for material tracing with random witness of identification transfer. (Note: it should be assured that this item is not challenging for manufacturing)
- (viii) Conduct visual checks on the quality of incoming materials, which include structural steel, motors, reducers, hydraulic components and other items deemed necessary by IPGL

- (ix) Review NDE personnel qualification and NDE procedure. Review NDE reports. Monitor NDE inspection as per approved designed plan (QAP), specifications and procedures.
- (x) Review principal dimensional inspection reports of main components and checked it on random basis, which include gantry structure, bogie & equalizer beam, trolley frame and rope drum.
- (xi) Check the buckling of main girders/ beams randomly in accordance with AWS D1.1/BS/EN or approved plan review the report of buckling measurement.
- (xii) Witness proof load test report of hooks and review breaking test report of wire rope.

Witness low-pressure testing of fabricated box sections to confirm that air tight structures are produced.

- (xiii) Check assembly of components and mounting of all mechanism against the design plan.
 - (xiv) Check the painting quality as per approved painting specification including weather condition, grit blasting grade and surface preparation randomly.
 - (xv) Check the installation of electrical equipment/ cables as per the standards approved by the client i.e. IEC/NEC etc.
 - (xvi) Witness major dimensional check on each completed cranes as per approved plans/FEM standard.
 - (xvii) Witness overload test for brakes.
- viii. Witness pre-delivery commissioning tests and associated inspections in accordance with the program approved by Client.
 - ix. Witness assembly and erection of equipment at the works of the manufacturer together with load and functional tests as per approved procedures and QAP.
 - x. Final stamping of the cranes.
 - xi. Review and certification of As-Built Drawings and other As-Built Details as follows: Certified that the crane is fabricated to this as-built drawing.
 - xii. Issue “Certificate of Inspection” for the Cranes covering design, fabrication, erection and commissioning, in compliances to applicable specification, QAP, approved design

drawings and other such documents related to the project, as submitted by Company. Tentative dates for various activities by the contractor (ZPMC) will be indicated.

- xiii. The final documentation (Documentation package) shall consist of all the quality inspection and tests documents including the operation tests & as built drawing duly reviewed and certified as per approved designed plan (QAP).
- xiv. The scope shall cover overall approval of design of crane structure, mechanical, electrical & electronics to be installed on the equipment for ensuring that the crane to be supplied is complying with the desired technical specifications of the contract awarded to M/S. ZPMC, China and safe handling containers through these equipments

1. Design Review and Approval of Main Structure Analysis Results:

- a. Check for Design Criteria of Main structure, Hoist, Boom, Trolley and Gantry Motions. b. Check for Stress Results
- b. Review the OEM's documentation (mainly drawings and calculation sheets) and perform own calculation according to the drawings, analysing the data to decide whether or not the OEM's calculations are meeting the requirements of the specification and applicable standards (Technical Specification or FEM or combination of both).
- c. Review of the structural design calculation sheet, including:
 - (i). Crane wheel loads and stability
 - (ii). Member strength under specified load combinations
 - (iii). Member fatigue under specified spectrum
 - (iv). Crane static deflection at critical points
 - (v). Crane natural frequency
 - (vi). Buckling and plate thickness
 - (vii). Main connections including welded, bolted and pinned connections
 - (viii). Main equalizer and secondary equalizer beam
- d. Review of structural design, including comments and/or suggestions on possibly incorrect design drawings and approval of the same if applicable.
 - (i). Review the structural specifications for the crane components
 - (ii). Review of the NDT requirements shown on the drawings and specifications
- e. Review of the mechanical design as well as mechanical study and calculation documents, including examination of the main technical parameters, examine the mechanical classification, examine the adequacy of the gear boxes, wire ropes,

brakes, shafts, couplings, pins, sheaves, wheels, duty cycle calculations, etc., and make comments and/or suggestions on possibly incorrect design drawings and approval of the same if applicable.

- f. Review of the electrical calculations covering medium voltage supply, main breakers, converters/inverters, main power cables, transformers, illumination, cooling.
- g. Review of the electrical single line and schematic diagrams.
- h. Review of the electrical design of cables, cable trays and conduits, cable installation and wiring plans, layouts of cabin(s), operator's stations, electrical rooms, and control panels.
- i. Submit the final review report latest 4 (four) weeks after all TPIA and IPGL comments have been clarified and modified by the Manufacturer.
- j. Check for Fatigue Stress

- k. Check for Main Structure Drawings

2. Documents Review:

- a. Technical Specification

- b. Approved Construction drawings

- c. Inspection and Test Plan (An Inspection and Test Plan (hereinafter referred to as "ITP") shall be agreed between TPIA and the Manufacturer prior to the commencement of the fabrication)

- d. WPS/PQR

- e. NDE Procedures & NDE Personnel Certificates

- f. Painting Procedure

- g. Commissioning Procedure etc.

- h. Review of raw material test certificate for compliance with code/specifications and

Identification of material with manufacturer's test certificate.

- i. Review of heat treatment records carried out where applicable.
- j. Examination of radiographs including review of radiographic technique and monitoring of other NDT requirements such as Ultrasonic, Magnetic particle and Liquid Penetrate testing are met with as per the relevant code/drawings/ QAP.
- k. Review of test certificate for all critical items but no limited to for:
 - Bogies, Portal, Girder, Trolley & Loading devices
 - Long travel, Trolley traversing, Main Hoist, Boom.
 - Motors, Controller, Main Cables, Other bought out components any other like anemometer, hold down devices, all safety devices, wire ropes etc.
 - Review Dynamic load test reports for motors.

3. Material Verification:

- a. Review Mill Certificate
- b. Verify the material traceability records
- c. Witness material test as per submitted QAP

4. Witness & Verification

- a. Witness Welder Qualification Test and certification by TPI
- b. Fit-up: witness on critical parts and randomly spot witness for the others
- c. Welding Process: monitoring/patrol inspection
- d. Non Destructive Test: review NDT results, spot check on the calibration of equipment & verify the qualification of personnel
- e. Final Inspection: witness on the final welds and dimensional/straightness
- f. Sub-assembly: witness on the final welds, alignment, dimension.
- g. Erection: witness on the final welds, final dimensional, bolt torque, levelling/straightness.
- h. Painting: witness on the surface preparation (after sand blasting), painting procedure and randomly spot check on the final DFT.
- i. Testing:-

- i) Electrical: review continuity check & Insulation resistance test; verify electrical equipment installation etc.
- ii) Mechanical: witness alignment/installation, bolt torque, greasing/ lubricating, idle running test, etc.
- j. Commissioning: witness on all testing as per approved commissioning procedures, including load test.
- k. Witness assembly of all the primary structural with the machinery and electrical equipment, spreader and safety devices at site.

5. Documentation & Certification

- a. Submission of FORTNIGHTLY inspection report to IPGL.
- b. Submission of MONTHLY project progress report to IPGL.
- c. Certification of parts of the crane as per clause 3.24.6* of the contract awarded to M/s. ZPMC for supply of 4 nos RMQCs.
- d. Certification regarding receipt of equipment at IPGL site in good condition.
- e. Certification of completion of erection, testing and commissioning activities of equipment at IPGL site as per contract.
- f. Certification of the crane for meeting the FEM classification and requirements as detailed at clause 2.2** & 2.5# of the contract awarded to M/s.ZPMC for supply of 04 Nos. RMQCs.
- g. Certification of the crane for “Ready to ship” prior to shipment from contractor’s site indicating that all the tests are successfully carried out as detailed in the clause 9.2.5## of the contract awarded to M/s.ZPMC for supply of 04 Nos. RMQCs Sea fastening, towing services and transportation analysis procedure review is not in the scope of TPIA.
- h. Stamping and issue of certificates.
- i. During production of the cranes, deficiencies found in the work quality will be listed in so called punch lists and will be delivered to the client.

6. Shipment and commissioning

- a. - Cl. No.: 3.24.6: Third Party Inspecting Agency shall certify the RMQCs before shipment at Contractor’s site. The Contractor shall give the Engineer In-charge such reasonable notice of the progress of the work and shall intimate the tentative date of shipment & arrival at IPGL well in advance. The contractor shall furnish a certificate issued by Third Party Inspection Agency towards “Ready to ship” prior to transportation of RMQCs from contractor’s works.
- b. Witness tests on spreaders prior to shipment. Witness tests on control panel and drive systems.
- c. Conduct final checks on the quality of welds, painting, installation of substructures, sea-fastenings, etc. before the crane is shipped out.
- d. Supervision of the on-site Terminal Commissioning at the point of destination. The duration is expected to 8 weeks.
- e. A Commissioning Engineer shall be appointed to oversee the commissioning and conduct testing, punch list remedy and acceptance of the cranes at the Destination Terminal.

Details of Clause numbers referred:

Following clauses of Volume-I of the tendered work awarded to M/s. ZPMC, China, may be seen and taken in to consideration for carrying out the work of TPI.
